Objective

I am a Data Analyst with an MBA and a passion for business development, I am highly motivated to constantly develop my skills and grow professionally and am confident in my ability to: identify patterns in data, extract insights and make predictions using machine learning. My end goal is to help make better informed, data-driven business decisions.

Education

MASTERS OF BUSINESS ADMINISTRATION | NOV 2018 | TRINITY WESTERN UNIVERSITY

- Major: Management of the Growing Enterprise

FREE COURSES & NANODEGREE | CONTINUOUS LEARNING | UDACITY

- Business Analyst, Data Analyst, Machine Learning

BACHELORS OF APPLIED SCIENCES | JUNE 2016 | UNIVERSITY OF OTTAWA

Skills & Abilities

BUSINESS STRATEGY AND OPERATIONS MANAGEMENT

- Relevant coursework: Business Strategy, Human Resources Management, Systems and Change Management, Managerial Accounting, Operations management, Information and Knowledge Management.

DATA ANALYTICS AND MACHINE LEARNING

- Using Python, R, SQL, MongoDB, Tableau

PROBLEM SOLVING

Experience

MATH TUTOR | TUTOR TREE | 2016 - 2018

- As a tutor, I seek to pass across information, taking advantage of the various learning modes. I teach Calculus and Statistics to High School and University students.

CO-OP: R&D STUDENT | ROYAL CANADIAN MINT, OTTAWA | FALL 2014

- At the Mint, I took on diverse tasks within the R&D team as needed, one major project I undertook involved scraping data from major global competitors and analyzing it to assess our competitive stance.

CO-OP: ENGINEERING STUDENT | CHEMCHAMP, OTTAWA | WINTER 2014

- At ChemChamp, my role involved inspecting data, collected continuously from a high volume chemical recycler, to identify and troubleshoot anomalies that led to a shutdown.
